Subject: Reclamation of the Grouse Creek Clay Mine, Ash Grove Cement Company, Grouse Creek Clay Mine, S/003/0043, Box Elder County, Utah

Dear Mr. Puljan:

On July 22, 2014, The Division issued a directive to complete reclamation of the referenced mine by October 15, 2014. The Division inspected the reclamation work that was completed on October 1, 2014, and found that all requirements of the directive have been met. The BLM also inspected the site and indicated in a telephone conversation that they were satisfied with the reclamation work.

At this time, you may request a partial release of the reclamation surety by submitting form MR-SITE, available on the Division's web site at www.ogm.utah.gov.

Please contact Lynn Kunzler at 801-538-5310 or me at 801-538-5261 if you have questions about submitting the form or other aspects of this letter. Thank you for your cooperation in completing reclamation.

Sincerely,

Paul B. Baker
Minerals Program Manager
